Self-referral Transcending Mind

1. Self-referral transcending mind is self unfolding transcendental phenomena.
2. It is the phenomena of a reach from dimension to dimension of dimension level.
3. It is the phenomena of sphere as a pair of interacting hemispheres as a paired pair of spheres.
4. Sun as half-ball is of such format and features.
5. Pair of half balls as well is of such format and features.
6. Synthetic setup of Earth as well is of such format and features.
7. Thick and thin being of same number values formats are there because of this format and features.
8. Part as a whole as well is the phenomena of this format and features.
9. One shall sit comfortably and permit the transcending mind to chase itself.
10. The formulation 'Mind' as the composition of format and features of 'M' in 'D'.
11. This is parallel to '13' in '4'.
12. This is parallel to thirteen edged cube in 4-space.
13. This is also parallel to 4-space as dimension of 6-space of 13 geometries range.
14. One may have a pause here and take note that thirteen edge cube in 4-space is a spatial line.
15. One shall have a pause here and take note that straight line is of a spatial format.

16. One may further have a pause here and take note that the word formulation 'Line' is of organization features as that 'L' in 'E'.
17. One may further have a pause here and take note that the pair of formulation, namely 'Mind' and 'Line' are of same NVF value '40'.
18. One may further have a pause here and take note that $40 = 4 \times 10$, which is parallel to $4 \times 10 = 40$ coordinates of 10 creative (4-space) components of transcendental (5-space) domain.
19. Still further one shall have a pause and be face to face with the formulation 'affine'.
20. The chase of formulation 'Affine' shall be bringing us face to face with 'Af', 'F' in 'E'.
21. One shall sit comfortably and permit the transcending mind to be face to face with above eternal organization features of 'Affine'.
22. The formulation 'Af' brings us face to face with 'A' as 'F'.
23. This further takes us parallel to '1' as '6'.
24. One may have a pause here and take note that the above features of parallel to Vedic systems feature, namely 'first letter/first vowel/Akar is Vishnu/Lord Krishna, as is the element 'Shri Mad Bhagwat Geeta'.
25. Further the formulation 'Affine' with organization 'F' in 'E' with NVF (Affine)=34=NVF (One) shall be bringing us face to face with these eternal organization features of formulation 'Affine'.
26. One shall have a pause here and permit the transcending mind to re-visit the formulation 'Mind', 'Line' and 'Fine' and also 'Affine'.
27. One shall sit comfortably and permit the transcending Mind to be in deep Trans and to be face to face with the sequential eternal organization features of above formulations.
28. NVF (Trans)=72=NVF origin.
29. NVF (Transcend) = 98
30. NVF (Transcending) = 125 = 5 x 5 x 5.
31. NVF (Transcendence) =117.
32. NVF (Transcending Mind) =165 = NVF (Creation Creator).
33. As such Transcending Mind has transcending Line format.
34. It is a 'Creation Creator' format.
35. This format deserve to be chase in reference to the format and features of formulations 'self-referral, 'Transcendental' and 'Affine'.
36. Here It would be relevant to note that NVF (Self-referral) =125 NVF (Transcending Mind) = NVF (Transcendence).
37. NVF (Affine)=41.
38. NVF (Affine color) $41 + 84 = 125 = NVF (Transcendence)$.
39. NVF (Tree) = 48, NVF (Color) = 84 and NVF (Tree color) =132 = NVF (Life Discipline).
40. NVF (Biology) = NVF (Sun God)= 90 = NVF (Artifices) = NVF (Range, Range).
41. It would be a blissful exercise to permit the transcending mind to continuously remain in deep Trans and to be face to face with its self-referral transcendence format features.
42. It would further be blissful to chase NVF (Transcendence)= NVF (Transcend Half).
43. NVF (Transcending)=128 = NVF (Zero Unit).
