Fourth Hexagon format

1. Ganita sutras 10,11,12 and Ganita Up-Sutras 10,11,12 permit chase along fourth Hexagon format.
2. Transcendental code values for Ganita Sutra 10 comes to be 41
3. Transcendental code values for Ganita Sutra 11 comes to be 58
4. Transcendental code values for Ganita Sutra 12 comes to be 79
5. Transcendental code values of Ganita Sutra 10,11 and 12 together comes to be $41+58+79=178$.
6. Transcendental code value of Ganita up-sutra 10 comes to be '56'.
7. Transcendental code value of Ganita up-sutra 11 comes to be '73'.
8. Transcendental code value of Ganita up-sutra 12 comes to be '44'.
9. Transcendental code value of Ganita up sutra 10,11 and 12 together comes to be $56+73+44=173$
10. Total value of all the three sutras (10,11,12) and of three Upsutras (10,11,12) comes to be $178+173=351$.
11. One may have a pause here and take note that $351=360-9$.

12. Still further, the transcendence range (5,3,1) at fourth steps takes to (5,3,1,-1).
13. One may have a pause here and take note that (1,-1) is parallel to the format of a pair of opposite orientation.
14. Still further artifices pair (1,-1) is parallel to the format feature of (1-space as domain fold and (-1)space as dimension fold.
15. Still further the sum of the absolute value comes to be $5+3+1+1=10$.
16. Still further as that (10,01) constitutes a reflection pair of double digit number.
17. One shall sit comfortably and the phase to phase with above features of fourth hexagon format.
18. Further one shall simultaneously chase the value at the centre because of all the four Hexagon formats which comes to be $228-9=219$.
19. Here It would be relevant to note that $219=100 + 119$.
20. Still further, It would be relevant to note that TCV (Foundation)=119 and TCV (Discipline) = 100 and TCV (Foundation Discipline) = 219.
21. One may have a pause here and be face to face with this feature of foundation Discipline.
