## VEDIC MATHEMATICS AWARENESS YEAR

E-Newsletter Issue no 232 dated 28-06-2015

(Organizers Dr. S. K. Kapoor, Sh. Rakesh Bhatia,  
Sh. Bhim Sein Khanna, Sh. Deepak Girdhar,)

### Formation of

## VEDIC MATHEMATICS SCIENCE AND TECHNOLOGY UNIVERSITY

### EXISTENCE WITHIN FRAMES

#### PROJECTIONS FOR VISION EXTENSION-4

#### UN-MANIFEST QUARTER IS CARRIED BY TRANSCENDENTAL CARRIERS AND IS MANIFESTED AS SPATIAL ORDER UNIVERSE (BRAHMAND)

1. Three quarters squares on their integration bring into along with them fourth unmanifest quarter square and make a full square of four square.
2. This feature deserves to be comprehended well and to be appreciated.
3. Further, It would be relevant to note that:
  - i.  $(2+2+2=6)$
  - ii.  $2+2+2+2=8$
  - iii. 6 surface plates constitute spatial boundary of cube/hyper cube 3/3-space body of a linear order.
  - iv. Cube splits into 8 sub cubes
  - v. 8 cubes constitute a solid boundary of hyper cube-4/4-space, which is of a spatial dimensional order.
  - vi.  $TCV$  (वर्ग) =  $TCV$  (घन) =  $14=2+3+4+5$  which is parallel to quadruple artifices (2,3,4,5) which is further parallel to four fold manifestation layer of hyper cube-4.
  - vii. 8 solid boundary components of solid boundary of hyper cube-4 gets organized as a pair (3,5) which is parallel to 3-space as dimension and 5-space as domain.
  - viii. The grid 3 x 5 accommodates all the double digit numbers of 4 place value system as under

01	02	03
10	11	12
13	20	21
22	23	30

ix. Along 4 x 4 format are organized 4 consecutive manifestation layers as under with 4 space as one of the folds

31 32 33 100  
 1 2 3 4  
 2 3 4 5  
 3 4 5 6  
 4 5 6 7

x. Along 5 x 5 format with 5-space as one of the folds for all the five transcendence ranges get coordinated as under

1 2 3 4 5  
 2 3 4 5 6  
 3 4 5 6 7  
 4 5 6 7 8  
 5 6 7 8 9

xi. Along 5 x 5 format are also accommodated 5 transcendence ranges such date first range is not having any role for 5-spac

0 1 2 3 4  
 1 2 3 4 5  
 2 3 4 5 6  
 3 4 5 6 7  
 1 5 6 7 8

- 4. one shall sit comfortably in permit the transcending mind to be face to face with above format and features and be face to face with transcendental carriers (5-space carriers) which are of solid dimensional order, transit and transform into the role of creative dimensional order setups and as a result the un-manifest quarter is carried by the transcendental carriers and is manifested as a domain of creative dimensional order which is of spatial dimension of dimension order.
- 5. Here It would be relevant to note that the organization along 4 x 4 format of 4 consecutive manifestation layer, as under is of total summation value 6 + 10 +14 +18 =32 =2 x 4 x 6

0 1 2 3 with summation value 6

2 2 3 4 with summation value 10  
 2 3 4 5 with summation value 14  
 4 5 6 7 with summation value 18

- 3 Here it would be relevant to note that TCV Brham is 28 which is equivalent to TCV Ati-Vahaka/Transcendental carriers and that number 28 has only 5 proper divisors. Further as that TCV (Brhamand is 42 which is parallel to the setup of spatial order creators space.
- 4 One shall sit comfortably and permit the transcending mind to be face to face with the range of 18 purans starting with brham puran and reaching up-till Brhamand puran.
- 5 Here It would be relevant to note that 18 = 3+4+5+6 which is parallel to quadruple artifice (3,4,5,6) which is further parallel to fourfold manifestation layer of hyper cube-5, the representative regular body of 5-space/ transcendental domain.
