VEDIC MATHEMATICS SCIENCE AND TECHNOLOGY
(SELF REFERRAL DIMENSIONAL ORDER FORMAT)

Lesson -2
Earth to Sun Range

1. Vedic Systems applied values range is of the order of 'Earth to Sun' range.
2. For it, Vedic Systems avail Sathapatya measuring rod which is presided by lord Vishnu, the overlord of Vishnu lok / 6-space.
3. The presiding deity of the measure of Sathapathya measuring rod is Lord Brahma, overlord of Braham lok / creator's space (4-space).
4. The Sathapatya measuring rod works out transcendental carriers path presided by Lord Shiv, the transcendental (5-space) overlord
5. With it, the Vedic Systems inherently acquires transcendental (5-space) features of the order of transcendental (5-space) dimensional frame of our solar universe.\
6. This chase format of Vedic Systems goes parallel to format of hyper cube 6 which accepts unity state origin of transcendental (5-space) dimensional order (5-space) in the role of dimension.
7. With it different roles of 5-space as such come to the central focus of Vedic Systems, of these five basic roles of 5-space get organized along 5 x 5 grid format of values of five consecutive transcendental (5-space) ranges permitting organization coordination as 5 rows and 5 columns as under

1	2	3	4	5
2	3	4	5	6

3	4	5	6	7
4	5	6	7	8
5	6	7	8	9

8. One glaring feature of this organization format of five different roles of five space expressible in terms of coordination of five consecutive transcendence ranges as five rows and five columns shall be bringing to focus the transition from the center of five consecutive transcendence ranges to the next set of five transcendence ranges.
9. And of it as well the transcendence from the following organization coordination of zero order, linear order, spatial order, solid order and creative order transcendence ranges set up to the next set up of linear order, spatial order, solid order, creative order and transcendental (5-space) order, transcendence ranges organization coordination as a spatial role to play and same deserve to be comprehended fully and properly appreciated and to be imbibed completely for enlightenment insight about it.
10. The zero order, linear order, spatial order, solid order and creative order transcendence ranges are of coordination organization is going to be of the following arrangement as 5 x 5 grid format:

0	1	2	3	4
1	2	3	4	5
2	3	4	5	6
3	4	5	6	7
4	5	6	7	8

11. One shall sit comfortably and permit the transcending mind to be face to face with transition and transformation Phenomenon.

Comparative view of pair of consecutive organization coordination arrangements of 5 x 5 grid format

0	1	2	3	4	1	2	3	4	5
1	2	3	4	5	2	3	4	5	6
2	3	4	5	6	3	4	5	6	7
3	4	5	6	7	4	5	6	7	8
4	5	6	7	8	5	6	7	8	9
